Thanks to Bill N7RBP and R. R. Ross N8KHN, but I just spoke to Keith, WU2Z,  
the author of Macintosh APRS this morning. He tells me that version 1.04 is  
available today on the Internet at ftp.ucsd.edu and version 1.06 will be  
available in a few days. He also claims that the Mac version "blows the  
socks off" the PC version. I hope to find out as soon as possible whether  
this is true.

Thanks again,

Greg
